

# BUP Summer Course 2017

## SDG 11: Towards Sustainable Cities and Municipalities - the Circular Economy Approach and Urban Ecology

Organized by the Baltic University Programme (BUP) with Lodz University of Technology, Hamburg University of Applied Sciences and the University of Applied Sciences Zittau/Görlitz

***Rogow, Poland, 19-23th September 2017***

### Please note:

The **target group** of the course is Bachelor and Master students from the Baltic Sea Region. All cost of the event (i.e. food and accommodation) are covered, thus, there is **no participation fee for BUB-member universities**. However, participants have to cover their own travel expenses. For interested participants from other universities, i.e. non-BUP members, a participation fee of 200 EUR applies.

An official **BUP-certificate of participation** will be issued by the Baltic University Programme to all participants who have attended the Summer Course and have successfully submitted their essays. The work performed in the framework of the Summer Course can be used as certificate of further education and will be granted with 1-2 credits (according to the ECTS).
